

www.excelsecurity.net
National Locksmith Service.

We are able to provide a 2 hour response to an emergency wherever you maybe in the country – whether it be a lock out on a domestic property or a faulty digital door lock on a stockroom door restricting your ability to trade. These instances can provide at best inconvenience or at worst a costly situation both financially and with potential loss of goodwill from customers.

We are able to assist with a team of domestic and commercial locksmiths on a national basis, we are able to respond to a 2hour, 4 hour or sameday request.

We have a full 24 hour service
We have a full 24 hour service 365 days a year.
365 days a year.

Our rates are fixed wherever your location and are inclusive of the first hour onsite – we do not charge for travelling.

Calls are logged centrally and we are able to monitor the progress of the assigned engineer to ensure that any timed response requirements are being adhered to.

We have a 91% first fix covering all types of locks.

We are able to mould our reporting procedure to suit your requirements, whether that be a call from site or an update immediately following our visit to your premises. Should a quotation for works be required then we will provide this the next working day.

Locks and Cylinders

From a basic Chubb or Yale to a complex master key system, we are able to design, plan, build and fit products to suit your requirement and budget. We are usually able to upgrade the security by retro-fitting new locks to the doors.
